## REVERSES ENGINE; JUMPS FROM CAB

Machinist's Helper Runs Locomotive Into Ditch.

Whole Force Is Busy This Morning Rescuing Steam Locomotive From Position.

### NEWS OF RAILROAD SHOPS.

Mistaking the throttle for the reverse lever, Hugh Lyon, a new machinist's helper employed in the Illinois Central shops, set an engine in motion at 3 o'clock this morning and, frightened at his action, lost his head and jumped from the cab. The engine went into the turn table pit and this morning the round-house and shop yards were scenes of great activity.

The engine was, No. 1896, a freight engine used in switching, and had been "dead" several days. It was repaired yesterday and steamed up. This morning a machinist with Lyon started working on it again and acting under the machinist's instructions the boy entered into the cab and opened the throttle by mistake. The engine dived into the pit and is badly damaged. The turning of engines was handicapped and great inconvenience occasioned. Heavy block tackle was used with several big engines in pulling the engine from the pit.

Supt. A. H. Egan personally superintended the work, assisted by Finis Fields, foreman of the wrecking crew.

### Shop Notes.

Kail Wallace, employed as a helper in the Illinois Central tin shops, broke a finger on his right hand yesterday wrestling with a companion.

Mr. Ed Wheeler, foreman of the Illinois Central tin and pipe-fitting shops, is off on his vacation and his position is filled by Mr. M. J. Clark. Mr. Wheeler is in Cincinnati and will go to Dayton, Toledo and other Ohio cities.

Mr. S. W. James, day operator at the Illinois Central passenger depot, has returned to the depot position after having worked several weeks at the dispatchers' office here. His depot position had been held by Mr. Frank Slaughter, who has been sent to Eddyville, Ky.

Mr. J. W. Wilkins, of 1600 Jones street, an Illinois Central fireman, went to Princeton today to hold a conference with Claim Agent John Gates, of the Illinois Central, and return to work. Wilkins is the fireman, who several weeks ago sprained his ankle here, while going out on his run to Cairo and made the trip on the injured member. He nearly fainted when Cairo was reached and nearly lost his foot as a result.

Mr. J. D. King, special agent of the Louisville division of the Illinois Central, is in the city attending court.

Mr. William McNamara, supervisor of tracks of the Louisville division of the Illinois Central, was in Paducah today on business.

### KNIGHTS OF PYTHIAS

Will Have Social on September 26 at Their Hall.

On September 26 the members of the Knights of Pythias will give a social at their hall in the Campbell building on Broadway. Each member of the order may take his wife or a friend. Pumpkin pie will occupy the most conspicuous place on the menu, but all other delicacies of the season will be served. The purpose of the social will be to give the wives of the members an insight into benefits and pleasures of the organization. One feature of the evening will be a mock initiation.

## BAD AFFAIR

WAS FIGHT AT FOURTH STREET AND BROADWAY.

William Rawson Is Knocked Down and Beaten by Charles Snell, a Bartender.

William Rawson, 50 years old, an Odd Fellow of Shawneetown, Ill., was attacked last night about 8:30 o'clock at Fourth street and Broadway by Charles Snell, a bartender, and seriously injured. After being removed to Riverside hospital he did not regain consciousness until early this morning. The whole affair is a mystery as Rawson's story and the story of Snell do not tally.

Snell attends bar at First street and Broadway and Rawson is a wood-worker visiting the family of Mr. John B. Wild, the grocer of Eleventh and Caldwell streets. While waiting for a car at Fourth street and Broadway Rawson says he was attacked. He remembers being knocked down and then the rest is a blank.

Rawson is injured in the head and also in the chest. Dr. J. D. Robertson is the attending physician and says he can not tell definitely for several days how badly the man is hurt. This morning Rawson talked freely to friends but is suffering a great deal.

Snell was arrested and taken to the police station to answer to the charge of malicious assault. By-standers say that Snell attacked Rawson and that Rawson offered no resistance. Snell says that Rawson was in his saloon yesterday afternoon and that they had trouble over some drinks. Rawson tried to cut him with a knife.

On account of the patient's condition the case will not be tried for several days.

Rawson has a daughter in Shawneetown, who works for the telephone company, and she will arrive today. Miss Rawson intended visiting here and the news of her father's condition came as a shock.

## SEWER EXTENSION WILL BE HURRIED

Thomas Bridges' Sons Successful Bidders.

District No. 2, Between Ninth and Thirteenth, Tremble and Norton Streets.

PROMISES TO START AT ONCE.

Thomas Bridges' Sons, of Wabash, Ind., is the successful firm in the bidding for the construction of the sanitary sewerage system extension, known as district No. 2, between Ninth and Thirteenth and Tremble and Norton streets. The figures are \$119,750.24, and the board of public works will present the contract to the general council for ratification at once.

Yesterday afternoon at 3 o'clock bids were opened by the board of public works and there were four bidders. The figures were referred to the city engineer who prepared them in a form, where it could be clearly seen just what the contractors proposed. The bids as reported by the engineer are as follows: Thomas Bridges' Sons, Wabash, Ind., \$119,750.24; Marion County Construction company, Indianapolis, Ind., \$123,824; M. J. Beach, Toledo O., \$130,621.88; Talbott-Uhl Construction company, Logansport, Ind., \$131,150.07.

The successful bidder stated that he intends getting material here at once and will suffer no delays that can be avoided. The city wants to push the work to a rapid completion.

The cost of the sewer will be assessed pro rata against the property along the route. It extends to Sixteenth street on Broadway. As soon as the action of the board of public works is ratified by the general council and the contract signed the contractors will begin work.

City Engineer Washington expresses some doubt as to the possibility of completing the work by February, unless every condition is perfect, something seldom to be counted on. Through failure of the plans the bidding was deferred to two weeks and this time lost.

The sewer district, No. 2, will have a combined sanitary and storm water system. The sanitary sewerage will empty into the Broadway main, and in ordinary weather the storm water will be carried off that way; but in times of excessive floods the storm water, after flushing the sanitary sewers, will be caught in an automatic regulator, which will stop the flow into the sanitary main, and divert the stream into the storm water outfall, which empties into Cross creek back of the Illinois Central shops.

This automatic valve prevents the main being choked, as it is not of sufficient capacity to take care of the storm water under excessive flood conditions.

### Notice to Contractors.

Bids will be received at the office of the city engineer in the city of Paducah, Kentucky, up to 2 o'clock, September 10, 1906, for the construction of about seven (7) miles of combined sanitary and storm water sewers, in the city of Paducah, Kentucky.

Plans and specifications will be on file in the engineer's office, in the city of Paducah, Kentucky, after August 15, 1906. A certified check of \$1,000 must accompany each and every bid.

The city reserves the right to reject any and all bids.

D. A. YEISER, Mayor.  
Paducah, Ky., August 4, 1906.
